Written reports shall be due the 10<sup>th</sup> day of the following month or the alternative electronic reports shall be due weekly on the Thursday following the reported week. Failure to submit reports in a timely manner may constitute default by the Contractor. **REFERENCES:** Included in this bid package is a reference form. Please fill out and complete this form citing clients for which you have provided similar services.

**PRIME CONTRACTOR CERTIFICATION:** Included in this bid package is a prime contractor certification form. The bidders shall fill out and return with your bid package.

**CONFLICT OF INTEREST:** By submitting a bid, the Contractor certifies that no person holding any County office, elected or appointed, has any direct or indirect interest in this Contract, or in any transfer of benefits from this Contract.

**LEGAL CONSTRUCTION:** In case one or more of the provisions contained in this Contract shall be held to be illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision thereof and this Contract shall be construed as if such invalid, illegal or unenforceable provision had never been contained therein.

**NO BIDS:** For those who wish not to bid this project, please return your bid form plainly marked "**NO BID**" or send email of same, so your company's name stays on our bidder list. If you choose not to reply your name will be removed and you may not receive future bid invitations.

**PRICES:** Prices shall remain in effect throughout the Contract period December 1, 2015 to November 30, 2017. A fee adjustment will be made beginning the optional renewal year based upon the published Consumer Price Index during the preceding calendar year. The percentage of change of the CPI shall be computed as the change of the specified index over the period commencing on January 1, 2016 and ending December 31, 2016 and shall be applied to the "service portion of the price" as of the first of December, 2017 if the renewal option is enacted. (Price change computations which result in fractions shall be rounded to the nearest cent) The total annual adjustment to this contract shall not be greater than five percent (5%) of the previous year's cost.

**PAYMENT:** Invoices will be sent the beginning of each month for the previous month. All payments will be made in arrears and pursuant to the Illinois Local Government Prompt Payment Act. It will be at the discretion of the County of Will to take advantage of or reject any Cash Terms offered for early payment. In the event the Will County Board fails to appropriate funds for this Agreement, the obligations of both the Contractor and the County will cease immediately without any penalty or liquidated damages or any other payments.

**SPLIT AWARDS:** It is the County's intention to choose the services and pricing that best meets the needs of the County. If there is a specific area of the contract that is not feasible to service due to distance, then this portion of the refuse and recycling sections of the bid should be completed with the words "No Bid" or be priced higher to reflect the additional cost this places on the Contractor. It is the Contractor's decision if they want to submit multiple bids. All refuse bids must include pricing for recycling services. If bidding recycling only, it will be acceptable to complete the refuse portion of the contract with the words "No Bid."

**Blank spaces may be interpreted to mean that the area is included at no additional fee.** Contractors are encouraged to price all services in all areas showing higher costs if the area is more expensive to serve due to distance or other operational considerations. The County reserves the right to determine which option and which contractor (or contractors) to award the contract or contracts.

**WORDS AND FIGURES:** Where amounts are given in both words and figures, the words shall govern. If the amount is not written in words the unit cost will take precedence over the extended price in case of a discrepancy in the multiplication.

**EVALUATION CRITERIA:** Several criteria will be used to evaluate the qualifications and reliability of potential contractors, including, but not limited to: length of time the contractor has been in business, compliance with regulations, experience with similar clients, references, demonstrated understanding of the bid documents, conformity with specifications, inclusion of mandatory forms (proof of insurance, etc) and price.

**AWARDING OF BID:** The bidder acknowledges the right of the County of Will to accept the lowest responsible bidder after all bids have been examined and evaluated. The Bid is expected to be awarded at the October 15, 2015 meeting of the Will County Board.

**ILLINOIS FREEDOM OF INFORMATION ACT:** Any and all submissions to the County of Will become the property of the County of Will and these and any late submissions will not be returned. Your proposal will be open to the public under the Illinois Freedom of Information Act (FOIA) (5 ILCS 140) and other applicable laws and rules, unless you request in your proposal that we treat certain information as exempt. We will not honor requests to exempt entire proposals. You must show the

specific grounds in FOIA or other law or rule that support exempt treatment. If you request exempt treatment, you must submit an additional copy of the proposal with exempt information deleted. This copy must tell the general nature of the material removed and shall retain as much of the proposal as possible. In the event the County of Will receives a request for a document submitted, the County of Will shall provide notice to contractor as soon as practicable. Regardless, contractor will be responsible for any costs or damages associated with defending your request for exempt treatment. Furthermore, contractor warrants that County of Will's responses to requests for a document submitted that is not requested to be exempt will not violate the rights of any third party.

Please be advised that if your proposal is accepted by the County of Will all related records maintained by, provided to, or required to be provided to the County of Will during the contract duration are subject to FOIA. In the event the County of Will receives a request for a document relating to contractor, its provision of services, or the arranging for the provision of services, the County of Will shall provide notice to contractor as soon as practicable and, within the period available under FOIA, contractor may then identify those records, or portions thereof, that it in good faith believes to be exempt from production and the justification for such exemption, making reference to the specific FOIA provision applicable without simply making a general claim that the information is "confidential," "proprietary," "exempt from disclosure," or the like. Regardless, contractor will be responsible for any costs or damages associated with defending the request for exempt treatment. Furthermore, contractor will warrant that County of Will's responses to requests for a document relating to contractor, its provision of services, or the arranging for the provision of services, or the arranging for the provision of services, will not violate the rights of any third party.

Please be advised also that FOIA provides that any record in the possession of a party with whom the County of Will has contracted to perform a governmental function on behalf of the County of Will, and that directly relates to the governmental function and is not otherwise exempt under FOIA is considered a public record of the County of Will for purposes of FOIA. 5 ILCS 140/7(2). As such, upon request by the County of Will (or any of its officers, agents, employees or officials), the contractor shall provide to the County of Will at no cost and within the time frames of FOIA a copy of any "public record" as required by FOIA and in compliance with the provisions of FOIA. After request by the County of Will, contractor may then identify those records, or portions thereof, that it in good faith believes to be exempt from production and the justification for such exemption, making reference to the specific FOIA provision applicable without simply making a general claim that the information is "confidential," "proprietary," "exempt from disclosure," or the like. Regardless, contractor will be responsible for any costs or damages associated with defending the request for exempt treatment.

There will be no fee for nominal overages, such as bags above the rim of the container. If material is left on the side of the container, the Contractor may empty the dumpster without taking the extra material. Cleanup of spills that result from collection activity remain the responsibility of the contractor.

Should a container be overflowing, the Contractor shall notify the County Recycling Specialist and the site will be asked if they need service size or frequency increased.

NOTE: The County does not require landscape collection service often at most of their sites. The Contractor is expected to provide 96-gallon carts at several locations without charge. Sites will call for service between April 1 and November 30 if needed. Should any site require more than three service calls in a year, the Contractor will charge \$ \$44.00 for each additional collection.

**2016-3 COLLECTION AND DISPOSAL OF REFUSE,  
COLLECTION AND PROCESSING OF RECYCLABLES AND  
THE COLLECTION AND COMPOSTING/PROCESSING OF LANDSCAPE MATERIAL  
FOR THE COUNTY OF WILL**

**ADDENDUM #1**  
**September 4, 2015**

We received the following questions regarding the bid listed above:

Question # 1: We are hoping to get some clarification from you as to what the filled in numbers on forms located on pages 8-13 are of the attached packet?

Answer # 1: The numbers on page 9 through 13 are the actual amounts of material reported to Will County as collected within the years shown, along with a monthly average. They are included to enhance the understanding of the potential vendor in regards to their commercial routing, expected disposal tonnage and possible recycling tonnage, along with any revenue recycling may generate.

Question # 2: I have a questions about the Bid bond for the 2016-3 Refuse Recycle Bid:

**"BID SECURITY: A 10% Bid Bond or Cashiers Check** made payable to the Will County Treasurer, shall accompany each bid, attached to the front cover, as a guarantee that if the bid is accepted, a contract will be entered into. **Money Orders or Company checks will not be accepted.** The unsuccessful bidders' security will be returned after the County Board has awarded the bid. The Bid Bond or Cashiers Check of the successful bidder will be retained by the County of Will Purchasing Department throughout the length of the contract to serve as surety that the contract will be fulfilled as specified in the bidding documents, after which it will be returned in full."

NOTE: Collection Service may be necessary from time to time, upon specific request. Upon the County's Notification to the Contractor of an additional service request the Contractor must respond within eighteen (18) hours of the phone or e-mail request, excluding weekends (Saturday and Sunday – early Mon. pickup will be acceptable). Failure to comply with response for disposal service within 18 hours from the time of notification may be cause for termination of the contract. The BID BOND will be used to dispose of refuse until a new hauler can be identified by re-bid

The Bid Bond does not have the necessary language to Guarantee the Performance of the contract and as such will not protect the county if you were to default. It sounds like what you are looking for is a Bid Bond, as well as a Performance Bond from the vendor that is awarded the contract???

What I can issue is a Bid Bond, along with a Letter of Intent to the County that states if I am awarded the contract that a Performance Bond will be issued by the Surety Company to cover the contract. I can include a sample of the performance bond for your review if needed.

Answer # 1: A 10% bid bond will be required from all respondents and a 100% performance bond will be required from the awarded vendor(s). Bid bonds will be returned to unsuccessful bidders and returned to awarded vendor(s) upon receipt of said Performance Bond after notification.

**ADDENDUM #2**  
**September 9, 2015**

We received the following question regarding the bid listed above:

**Question # 1:** One more question on page 4 of the bid "the Contractor must deliver a "like quantity" of tons of Will County Service Area waste" does that "like quantity" include the current volume that we already haul to Prairie View or is that 185 tons in addition to that current volume?

**Answer # 1:** Will County has an agreement with the operator of the Prairie View RDF to accept refuse from the county buildings without charge. This is limited to 184.25 tons per month maximum. The successful Contractor will make arrangements with the operator after award of the contract to receive the credit.

WHEREAS, the Principal has entered into a certain written Contract for \_\_\_\_\_ with the above mentioned Obligees, which contract is hereby incorporated herein as if fully rewritten Notwithstanding, any terms and provisions specifically modified herein shall have the meaning given in this bond.

NOW, THEREFORE, the condition of the above obligation is such that if the Principal shall promptly and faithfully perform this Contract, then this obligation shall be null and void; subject, however, to the following conditions:

1. This bond is for the term beginning \_\_\_\_\_ and ending \_\_\_\_\_.
2. If there is no breach or default on the part of the Obligees, then the Surety's performance obligation under the bond shall arise after:
  - a. The Obligees has notified the Principal and the Surety in writing at their respective addresses of the alleged breach, and has requested and attempted to arrange a conference with the Principal and the Surety to be held not later than fifteen (15) days after receipt of such notice to discuss methods of performing the Contract, and has made available during notice period all books, records, and accounts relevant to the Contract which may be requested by the Principal or Surety. If the Obligees, Principal and Surety agree, the Principal shall be allowed a reasonable time to perform the Contract; but such an contract shall not waive the Obligees's right, if any subsequently to declare a Principal default;
  - b. The Obligees has declared the Principal in default and formally terminated the Principal's right to complete the Contract, provided, however, that such default shall not be declared earlier than twenty (20) days after the Principal and the Surety have received the notice as provided in "a" above; and
  - c. The Obligees has agreed to pay the balance of the Contract price to the Surety in accordance with the terms of the Contract or to the such contractor as may be tendered by the Surety to the Obligees.
3. No claim, action, suit or proceeding, except as hereinafter set forth, shall be had or maintained against the Surety of this instrument unless same be brought or instituted and process served upon the Surety within six months after the expiration of the bond. The parties hereto expressly acknowledge and agree that no liquidated damages shall be claimed, due or payable by Surety pursuant to this Bond.
4. The bond may be extended for additional terms at the option of the Surety, by Continuation Certificate executed by the Surety.
5. Neither non-renewal by the Surety, nor failure, nor inability of the Principal to file a replacement bond shall constitute loss to the Obligees recoverable under this bond.
6. In no event shall the liability of the Surety hereunder exceed the penal sum hereof.

Signed, sealed and executed this \_\_\_\_\_ day of \_\_\_\_\_.
